If for any reason you are not thrilled with the performance of Quake return it to your distributor and we'll get you a product that does.

Net Contents:  
One U.S. Gallon (3.78 liters)

**Quake** is the perfect carpet prespray and traffic lane cleaner for filthy apartments, rental units, and commercial carpets. It is packed with uncompromising, hard core cleaning chemistry. It will cut through grimy grease and oil and food and beverage spills like they were not even there. It is excellent for emulsifying particulate soils. The synergistic combination of solvents, surfactants, boosters, and high pH alkaline cleaning agents will quickly remove the toughest soils found in restaurants, apartments, and restoration cleaning jobs.

**Quake** is a super-concentrated pre-spray, and is designed to be used at 1 part solution to 8 to 24 parts water depending upon soiling conditions. **Quake** starts to work the second you spray it onto the carpet. As soon as it comes in contact with soil, it emulsifies, suspends, dissolves, and deflocculates even the most stubborn soils. **Quake** is a powerful carpet prespray and traffic lance cleaner that is designed to be used in conjunction with a compatible alkaline extraction detergent or acid/neutralizing rinse. It is formulated to be used on synthetic carpets, specifically, nylon that have been neglected or require constant cleaning. It has a ready-to-use pH of 12.0 – 12.8, so it is not recommended to be used on warranted residential carpets that have been properly maintained. **Quake** is low foaming, has a mild fragrance and rinses free of the carpet for low residue cleaning.

**Quake** es el Prespray perfecta alfombra y limpia vía de circulación para apartamentos sucios, las unidades de alquiler, y las alfombras comerciales. Se embala con la química inflexible, duro limpieza básica. Se cortará a través de la grasa sucia y los derrames de petróleo e alimentos y bebidas como que ni siquiera estaban allí. Es excelente para emulsionar los suelos de partículas. La combinación sinérgica de solventes, surfactantes, refuerzos, y altos representantes de pH alcalino de limpieza rápida eliminará los más difíciles de los suelos que se encuentran en restaurantes, apartamentos, y los trabajos de restauración de limpieza. **Quake** es un super-concentrado pre-rociado, y está diseñado para ser utilizado en solución parte 1 a 8 a 24 partes de agua, dependiendo de las condiciones de suciedad. **Quake** comienza a trabajar el segundo se lo echas sobre la alfombra. Tan pronto como entra en contacto con el suelo, se emulsiona, se suspende, se disuelve, y defloccula incluso los terrenos más difíciles. **Quake** es un potente y Prespray alfombra limpiador lanza tráfico que está diseñado para ser usado en conjunción con un detergente compatible extracción alcalina o ácida / neutralizar enjuague. Está formulado para ser usado en alfombras sintéticas, en concreto, de nylon que se han descuidado o requieren una limpieza constante. Cuenta con un producto listo para usar pH de 12,0 a 12,8, por lo que no se recomienda para ser usado en alfombras residenciales garantizados que han recibido el mantenimiento adecuado. **Quake** es de baja espuma, tiene una fragancia suave y enjuaga libre de la alfombra para la limpieza de residuos de baja.

### Contents:

2-Butoxyethanol (C.A.S #111-76-2); Sodium Tripolyphosphate (C.A.S. #7758-29-4); Blended Naphthalene Sulfonate (Proprietary); Potassium Hydroxide (C.A.S. #1310-58-3); Lauramine Oxide (C.A.S.# 1673-20-5); Water (C.A.S. #7732-18-5)(C.A.S. #7732-18-5)

### Directions:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Prespray with 1 part **Quake** mixed with 24 parts hot water. For extreme soiling, mix 1 part to 8-12 parts water. For standard injection sprayer, mix 1 quart water with 4 quarts of **Quake** into 5 quart container.
3. For carpets with high levels of caked-on grease and oil contamination, consider boosting by adding 2 oz. of **GreaseBreaker** with each mixed gallon.
4. Extract with a compatible alkaline extraction detergent or acid/neutralizing rinse. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20™ Rotary Extraction Tool**. In furniture dense environments use the **Evolution™ cleaning wand**.
5. For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

### Instrucciones:

1. Prespray con **Quake** 1 parte de mezcla con 24 partes de agua caliente. En caso de suciedad extrema, mezclar 1 parte de 12.8 partes de agua. Para el pulverizador de inyección estándar, mezclar 1 litro de agua con 4 cuartos de galón de **Quake** en un recipiente de 5 cuartos.
2. Para las alfombras con altos niveles de apelmazar en la grasa y la contaminación por petróleo, considere aumentar mediante la adición de 2 oz de **GreaseBreaker** con cada galón de mezcla.
3. Se extrae con un detergente compatible extracción alcalina o ácida / neutralizar enjuague.

### Precautions and First Aid:

Keep out of reach of children. Contact may cause skin and eye irritation. Wear gloves and safety glasses when handling to avoid any contact with eyes and contact with skin in concentrate form. Use only in well ventilated areas. In case of eye contact, immediately flush with plenty of water. If irritation persists, seek medical attention. In case of skin irritation, flush with plenty of water. If ingested, drink large quantities of water and seek medical attention. Remove to fresh air in case of inhalation. See Material Safety Data Sheet (MSDS): [www.hydrmaster.com/msds](http://www.hydrmaster.com/msds) for additional safety and regulatory information.

### Precauciones y Primeros Auxilios:

Mantener fuera del alcance de los niños. El contacto puede causar irritación cutánea y ocular. Use guantes y gafas de seguridad al manejar para evitar cualquier contacto con los ojos y el contacto con la piel en forma de concentrado. Use sólo en áreas bien ventiladas. En caso de contacto con los ojos, lávelos inmediatamente con abundante agua. Si la irritación persiste, busque atención médica. En caso de irritación de la piel, lavar con abundante agua. Si se ingiere, beber grandes cantidades de agua y busque atención médica. Sacar al aire libre en caso de inhalación. Ver Hoja de Seguridad (MSDS): [www.hydrmaster.com/MSDS](http://www.hydrmaster.com/MSDS) para mayor seguridad y normativas.
