Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. The manufacturer and seller make no representation or warranty, including merchantability or any other kind, expressed or implied. The foregoing may not be altered except by written agreement by officers of the manufacturer.

Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in conjunction therewith. The user should thoroughly review the material safety data sheet for this product and follow recommendations for mixing, application, disposal, and the use of any applicable personal protective equipment (PPE). The manufacturer, distributor, and seller of this product warrant that the chemical contained herein conforms to its standard specifications.

RinseOut is a specially formulated neutralizing, detergent free acid rinse for the final step in the safe and effective cleaning of oriental rugs, natural fabric upholstery, investment textiles, and carpeting. **RinseOut** is also effective at fabric and textile treatment to prevent or correct cellulosic or chemical browning, yellowing, and to stabilize dyes and colors. **RinseOut** neutralizes alkaline and detergent residues and leaves the rug, fabric or carpet with a softer feel. It is safe to use on wool and other natural fabrics, as well as synthetic fibers. It can also assist in dissolving and breaking down pet urine deposits as well as road salt and ice melt tracking. **RinseOut** contains corrosion inhibitors to protect your equipment. **RinseOut** is an ultra-concentrated product that will make up to 320 gallons of neutralizing rinse.

Contents: Ammonium Hydrogen Fluoride (1341-49-7), Glycolic acid (79-14-1), Citric acid (77-92-9), EDTA (60-00-4), alcohol ethoxylate (68439-46-3)

Directions:

Note: The preferred method for cleaning oriental rugs and investment textiles is "in-plant." When cleaning rugs on location, protect stone floors, stainless steel, and other sensitive surfaces from coming in direct contact with acid treatment or rinse. Quickly wipe up any oversprays.

Fine fabric, rug, textile, and carpet neutralizing rinse:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. **RinseOut** is designed to be used as a neutralizing rinse following the application of a pre-spray or preconditioning solution such as **Wool Master**, **FabricMaster HD**, **FabricMaster Fine Fabric**, or **FastBreak HD**.
3. For application through a portable extractor, mix 2-4 ounces of solution with five gallons of water. For use with a truckmount, mix one quart (32 ounces) of solution with 5 gallons of water to make concentrate. Set solution flow meter at 2-3 gph.
4. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20 Rotary Extraction Tool**. In furniture dense environments use the Evolution cleaning wand.
5. For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

For use as a browning, yellowing, or dye stabilization treatment:

1. For browning prevention, and post cleaning afterspray topical treatment, mix two ounces of solution with one gallon of water. Lightly mist over the carpet, rug, or fabric being cleaned.
2. For browning or yellowing correction, mix 8 ounces of solution with 1 gallon of water. Lightly mist over the carpet, rug, or fabric being cleaned.
3. For dye stabilizing when pre-testing indicates the item is susceptible to bleeding, mix 1 part solution with 4 parts water. Apply to both sides of rug prior to cleaning. Groom or brush in applied product. Wait 5 minutes. Proceed to clean with **CleanMaster WoolMaster** or **FabricMaster Fine Fabric** according to directions.

instrucciones:

Nota: El método preferido para la limpieza de alfombras orientales y telas de inversión es "dentro de la planta." Al limpiar las alfombras en el lugar, proteger los pisos de piedra, acero inoxidable y otras superficies sensibles entren en contacto directo con el tratamiento ácido o enjuague. Rápidamente limpiar cualquier oversprays.

Tejido fino, alfombra, textil, alfombras y neutralizante enjuague:

1. Siempre antes de probar todas las soluciones de limpieza en un área oculta la estabilidad del color antes de la aplicación.
2. **Rinseout** está diseñado para ser utilizado como un neutralizador de enjuague después de la aplicación de una pre-spray o solución de precondicionamiento como **Maestro de lana**, **HD FabricMaster**, **tela FabricMaster Fine**, o **HD FastBreak**.
3. Para la aplicación a través de un extractor portátil, mezclar 2-4 onzas de solución con cinco galones de agua. Para el uso con una Truckmount, mezclar un cuarto (32 onzas) de solución con 5 galones de agua para hacer concentrarse. Ajuste el medidor de flujo de solución de 2.3 gph.
4. Para una limpieza más rápida, reduce la fatiga y la eliminación de la suciedad más eficaz, se extrae con el **RX-20 Herramienta de extracción de Rotary**. En muebles ambientes densos utilizar la varita de limpieza Evolution.
5. Para un secado más rápido, especialmente en ambientes húmedos, considerar el uso de un motor axial, el aire centrífugo o de corriente descendente después de la limpieza.

Precautions and First Aid:

Keep out of reach of children. Contact may cause skin and eye irritation. Wear gloves and safety glasses when handling to avoid any contact with eyes and contact with skin in concentrate form. Use only in well ventilated areas. In case of eye contact, immediately flush with plenty of water. If irritation persists, seek medical attention. In case of skin irritation, flush with plenty of water. If ingested, drink large quantities of water and seek medical attention. Remove to fresh air in case of inhalation. See Material Safety Data Sheet (MSDS): www.hydramaster.com/msds for additional safety and regulatory information.

Precauciones y Primeros Auxilios:

Mantener fuera del alcance de los niños. El contacto puede causar irritación cutánea y ocular. Use guantes y gafas de seguridad al manejar para evitar cualquier contacto con los ojos y el contacto con la piel en forma de concentrado. Use sólo en áreas bien ventiladas. En caso de contacto con los ojos, lávelos inmediatamente con abundante agua. Si la irritación persiste, busque atención médica. En caso de irritación de la piel, lavar con abundante agua. Si se ingiere, beber grandes cantidades de agua y busque atención médica. Sacar al aire libre en caso de inhalación. Ver Hoja de Seguridad (MSDS): www.hydramaster.com / MSDS para mayor seguridad y normativas.
