

All-In-One

Pet odor and stain eliminator.

Pet Zone

with HYDROCID

URINE Removal System

Odors & Stains

Pet Zone

Pet Zone with Hydrocide combines the cleaning and deodorizing power of natural oxygen with the odor bonding and encapsulating power of Hydrocide to give the professional cleaner an entirely new way to neutralize odors caused by urine contamination, without leaving strong and potentially offensive fragrances behind.

Contents: 7 Pounds (3.18 Kilograms)

BRIDGEPOINT®

SYSTEMS

X Residential Carpet
X Commercial Carpet
10.0 RTU pH

X = Primary Use ✓ = Secondary Use

- One-step pet stain and odor neutralizing formulation.
- Combines the cleaning and deodorizing power of natural oxygen with the odor bonding & encapsulating power of Hydrocide
- Uses the power of oxygen to remove stains caused by urine, feces and vomit.
- No strong or potentially offensive strong fragrances left behind
- Does not cause rapid re-soiling like competitive products – contains anti-re-soiling properties to keep the treated area from attracting residue.

PET ZONE DIRECTIONS

1. This product is safe and effective on all synthetic carpets. Not recommended for wool carpet. Do not use on silk. Always test in an inconspicuous area for colorfastness.
2. Add 3 scoops (6 oz. total) of powder per gallon of water into the hottest water possible (over 160° F) into bucket. Stir product for 60 seconds. Product should be mixed on location. Mix one gallon in 2.5 gallon bucket. The foam will rise to the top in about two minutes.
3. If damage is severe consider disposing of pad and sealing subfloor.
4. Saturate carpet with mixed Pet Zone solution and let dwell for 30 minutes.
5. Extract solution using a Water Claw, Water Claw with Injectors, or Flash Extractor tool.
6. Check carpet for odor and repeat steps 5-7 if needed.
7. Always dispose of any unused mixed solution as effectiveness deteriorates rapidly.
8. Consider applying Urine Stain Remover if staining is severe or Bio-Modifier Xtreme if odors are severe.

URINE REMOVAL SYSTEM DIRECTIONS

Thoroughly inspect the affected area with an ultraviolet light designed for urine discovery to ascertain the extent of the urine damage.

For light to medium urine damage:

Apply our all-in-one Pet Zone urine stain and odor removal solution, allow to dwell for 10 minutes. Extract. If stain is still present, apply more Pet Zone or Urine Stain Remover and allow to dwell until dry.

For medium to heavy urine damage:

STEP 1: Decontamination with Urine Neutralizer

- Dilute Urine Neutralizer with 4 parts water in a pump or electric sprayer. Apply to the full area of contamination. Remember that the area of contamination under the carpet may be more than twice the size of the stain on the surface. Apply enough to reach the pad and subfloor. (Caution: some subfloors may be susceptible to water damage, be careful to not over apply.) Allow to dwell 10 minutes.
- Extract Urine Neutralizer with a Water Claw® or Flash Extractor™ tool. Flush clear hot water around the Water Claw® tool several times to remove dissolved urine contamination. For faster decontamination, use a Water Claw® extractor with Injectors.

STEP 2: Odor neutralization with Bio-Modifier Xtreme

- Dilute with 1 part warm water. Apply Bio-Modifier Xtreme heavily enough to penetrate all affected areas. Compressing the pad by stepping on it, or pushing down with a Water Claw, will disperse the product and provide even coverage. Use of a subsurface injection system such as the Injectimate or syringe can also be used to reach the contamination.
- Hydrocide Xtreme can be added to solution if additional odor neutralizing is needed.

STEP 3: Stain removal with Urine Stain Remover

- Polyester, olefin, triexta and solution-dyed nylon fibers will not stain.
- Pre-test in an inconspicuous area to determine fiber colorfastness. Not recommended for natural fibers like wool.
- Apply Urine Stain Remover to the surface fibers and allow to dwell for 10-20 minutes. Urine Stain Remover is ready to use and requires no dilution. Extract. If stain is still present, apply more Urine Stain Remover and leave. Note: don't saturate pad with Urine Stain Remover since the stain is on the fibers.

INGREDIENT DISCLOSURE

Sodium Carbonate Peroxide, Pentasodium Triphosphate, Sodium Carbonate, Water, Zeolite, Anionic Copolymer, Alkyl Betaine, Zinc Ricinoleate, Ethoxylated Alcohol, Alkylpolyglycol. Contains fragrance allergen(s).

IMPORTANT NOTICE TO PURCHASER: Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. Go to www.bridgepoint.com/sds for additional safety, regulatory and liability information.

DANGER

Keep out of reach of children.

HAZARD STATEMENTS:

Harmful if swallowed. Causes serious eye irritation. Causes skin irritation. May cause or intensify fire; oxidizer.

PRECAUTIONARY STATEMENTS:

Wash face, hands and any exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Keep/Store away from combustible materials. Take any precaution to avoid mixing with combustibles. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Remove/Take off immediately all contaminated clothing. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. In case of fire: Use CO2, dry chemical, or foam for extinction. Dispose of contents/ container in an approved waste disposal plant.

PELIGRO

Mantener fuera del alcance de los niños.

INDICACIONES DE PELIGRO:

Nocivo en caso de ingestión. Provoca irritación ocular grave. Provoca irritación cutánea. Puede provocar o agravar un incendio; comburente.

CONSEJOS DE PRUDENCIA:

Lavarse la cara, las manos y la piel concienzudamente tras la manipulación. No comer, beber ni fumar durante su utilización. Usar guantes/ropa de protección/equipo de protección para los ojos/la cara. Mantener alejado de fuentes de calor/chispas/llama abierta/superficies calientes. - No fumar. Mantener o almacenar alejado de materiales combustibles. Tomar todas las precauciones necesarias para no mezclar con material combustible. EN CASO DE CONTACTO CON LOS OJOS: Aclarar cuidadosamente con agua durante varios minutos. Quitar las lentes de contacto, si lleva y resulta fácil. Seguir aclarando. EN CASO DE CONTACTO CON LA PIEL: Lavar con agua y jabón abundantes. En caso de irritación cutánea: consultar a un médico. Quitarse inmediatamente las prendas contaminadas. EN CASO DE INGESTIÓN: Llamar a un CENTRO DE INFORMACIÓN TOXICOLÓGICA o a un médico si se encuentra mal. Enjuagarse la boca. En caso de incendio: Utilizar CO2, polvo químico seco o espuma para la extinción. Eliminar el contenido/ el recipientes en una planta de tratamiento de residuos aprobada.

DANGER!

Tenir hors de portée des enfants.

MENTIONS DE DANGER:

Nocif en cas d'ingestion. Provoque une sévère irritation des yeux. Provoque une irritation cutanée. Peut provoquer ou aggraver un incendie; comburant.

CONSEILS DE PRUDENCE:

Se laver le visage, les mains et toute surface de peau exposée soigneusement après manipulation. Ne pas manger, boire ou fumer en manipulant le produit. Porter des gants de protection/des vêtements de protection/un équipement de protection des yeux/du visage. Tenir à l'écart de la chaleur/des étincelles/des flammes nues/des surfaces chaude. - Ne pas fumer. Tenir/stocker à l'écart des matières combustibles. Prendre toute précaution pour éviter de mélanger avec des matières combustibles. EN CAS DE CONTACT AVEC LES YEUX: rincer avec précaution à l'eau pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer. EN CAS DE CONTACT AVEC LA PEAU : laver abondamment à l'eau et au savon. En cas d'irritation cutanée: Consulter un médecin. Enlever immédiatement les vêtements contaminés. EN CAS D'INGESTION : appeler un CENTRE ANTIPOISON ou un médecin en cas de malaise. Rincer la bouche. En cas d'incendie: Utiliser du CO2, une poudre d'extinction ou une mousse pour l'extinction. Éliminer le contenu/ récipient dans une usine d'élimination des déchets approuvée.
