

VIPER VENOM

Tile and Grout Cleaner

VIPER VENOM

Viper Venom is used as a pre-treatment spray on grout and tile to loosen and emulsify soils and stains, and to facilitate soil removal using the SX-12 or SX-15 Grout and Tile Tool. Viper Venom is also effective for general floor cleaning and upkeep, wall cleaning, and other general hard surface cleaning. Viper Venom, with its hard-hitting blend of builders, solvents, and surfactants, is also ideally suited for fire restoration.

- The industry's #1 selling tile & grout cleaner.
- Designed for use on difficult oily & particulate soil found in the grout & crevices of any type of ceramic and porcelain tile.
- The industry's #1 selling tile & grout cleaner. This balanced high alkaline-based solvent and surfactant cleaner will remove years of built-up grease and soils.
- The industry's #1 selling tile & grout cleaner. Viper Venom can also be used on a wide variety of other hard surfaces not sensitive to chelates when properly diluted with water.
- Viper Venom is not recommended for stone as chelates can draw away the color of minerals in stone.

Part Number: CR22GL | RTU ph - 12.0 | Contents: One U.S. Gallon (3.79 Litres)

Available in Gallons and 4 x 1 gallon cases | 5 gallon pails | 55 gallon drums

DIRECTIONS

Grout and Tile restoration: Dilute Viper Venom with 1 part hot water. Low pressure spray onto grout and tile and allow to dwell for 5 minutes, but do not allow to dry before cleaning/extracting.

Grout and tile maintenance: Dilute Viper Venom with 16 parts warm water.

General cleaning and walls: Dilute Viper Venom with up to 32 parts warm water. Dilute 1 part Viper Venom with 9 parts water for woodwork. For cleaning porcelain and chrome: dilute 1 part Viper Venom with 12 parts water.
