Compare to:

- Jon-Don Matrix® Fiberguard™
- 3M® Scotchgard®
- HardBall Soilblocker®

Relax Premium Carpet and Upholstery Protector provides the most advanced C6 technology in fluorochemical for stain prevention and enhanced water and oil based soil resistance. Relax will provide your customer with easier and painless spot and spill clean-up. Their carpet will last longer, as the protection reduces carpet wear from abrasive soiling, especially in high traffic areas. Subsequent vacuuming will be easier, faster, and more efficient. Relax will leave their carpet cleaner, brighter, and fresher. Because it uses the latest C6 polymer technology, it is safe for children and pets when used and applied as directed, and the most environmentally conscious protector on the market.

- **Advanced C6 Fluorochemical polymer technology - the most environmentally conscious protector on the market**
- **Resists water and oil based soiling, repels and prevents stains from common household spills**
- **Your customer can Relax® because their carpet and upholstery is protected**
- **Increases vacuuming efficiency**

## DIRECTIONS

1. Dilution: Dilute by mixing 1 part concentrate protector with 4 parts water.
2. Application: Apply to freshly cleaned carpet using an electric or battery powered sprayer maintaining 35 to 50 psi with an 8004 TeeJet nozzle. Apply evenly over entire carpet surface. Brush or rake the carpet.
3. Coverage: 200 to 400\* sq ft per diluted gallon for damp or dry carpet. Coverage depends on carpet pile density; i.e. heavy pile residential requires 1 gal per 200 sq ft., low pile commercial requires 1 gal per 400 sq ft.
4. If accidental freezing occurs, allow to thaw at room temperature, then shake vigorously.
