

Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. The manufacturer and seller make no representation or warranty, including merchantability or any other kind, expressed or implied. The foregoing may not be altered except by written agreement by officers of the manufacturer.

Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in conjunction therewith. The user should thoroughly review the material safety data sheet for this product and follow recommendations for mixing, application, disposal, and the use of any applicable personal protective equipment (PPE). The manufacturer, distributor, and seller of this product warrant that the chemical contained herein conforms to its standard specifications.

RinseFree Liquid with OxyBreak™ Carpet Extraction Detergent

is an "In-Tank" extraction solution that enhances the longstanding commitment of the **HydraMaster SafeClean** designation. **RinseFree Liquid** contains only ingredients that have been identified by industry listing and certification groups as meeting the standard for greener solutions. Used in conjunction with **Release Carpet Prespray**, **RinseFree Liquid** completes the greener hot water extraction carpet cleaning job. **RinseFree** emulsifies and lifts away loosened soil. The free rinsing formula contains the **CleanMaster** exclusive ingredient **Tritanol™**, which helps the carpet stay cleaner longer and eliminates rapid re-soiling. It rinses freely from the carpet and leaves no tacky residue. The cleaning power of **RinseFree Liquid** is increased with the addition of **OxyBreak™** to synergistically activate other ingredients and enhance soil break down and removal through the power of oxidation. It does all this without the use of any intentionally added solvents, phosphates, or other additives which would disqualify its designation as a greener cleaning solution. **RinseFree Liquid with OxyBreak™** is effective to use and meets the standards of cleaning and care for all synthetic carpet, including warranted stain resistant carpet. It's ultra-concentrated formula makes up to 356 gallons of extraction solution from just one gallon of concentrate.

Directions:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. For best results, apply **CleanMaster Release with OxyBreak™** or other compatible carpet prespray first.
3. For truck-mounted solution cleaning concentrate: Mix one quart (32 ounces of solution) with five gallons of water. Set truckmount solution flow meter at 2-3 gph. For portable extraction equipment: mix two ounces of **RinseFree** solution with five gallons of water.
4. Extract with **CleanMaster RinseFree Liquid Carpet Extraction Detergent**. For faster cleaning, reduced fatigue, and more effective soil removal, extract with the **RX-20 Rotary Extraction Tool**. In furniture dense environments use the **Evolution** cleaning wand.
5. For faster drying, especially in humid environments, consider the use of an axial, centrifugal, or downdraft air mover after cleaning.

Contents: Proprietary polymers, hydrogen peroxide (7722-84-1), proprietary fragrance, stabilizer and preservative.

This product meets industry ingredient guidelines for green cleaning solutions. However, this product has not been evaluated by any independent third party certification group or agency.

Instrucciones:

1. Siempre antes de probar todas las soluciones de limpieza en un área oculta la estabilidad del color antes de la aplicación.
2. Para obtener los mejores resultados, aplique **Release de CleanMaster con OxyBreak™** o compatible prespray otro carpet primero.
3. Por camión montado concentrado de solución de limpieza: Mezclar un cuarto (32 onzas de solución) con cinco galones de agua. Establecer solución Truckmount medidor de flujo de 2-3 gph. Para el equipo de extracción protable, mezclar dos onzas de solución RinseFree con cinco galones de agua. Se extrae con **CleanMaster Detergente Líquido RinseFree** extracción de alfombras. Para una limpieza más rápida, reduce la fatiga y la eliminación de la suciedad más eficaz, se extrae con el **RX-20 Herramienta de extracción de Rotary**. En muebles ambientes densos utilizar la varita de limpieza **Evolution**.
5. Para un secado más rápido, especialmente en ambientes húmedos, considerar el uso de un motor axial, el aire centrífugo o de corriente descendente después de la limpieza.

Precautions and First Aid:

Keep out of reach of children. Contact may cause skin and eye irritation. Wear gloves and safety glasses when handling to avoid any contact with eyes and contact with skin in concentrate form. Use only in well ventilated areas. In case of eye contact, immediately flush with plenty of water. If irritation persists, seek medical attention. In case of skin irritation, flush with plenty of water. If ingested, drink large quantities of water and seek medical attention. Remove to fresh air in case of inhalation. See Material Safety Data Sheet (MSDS): www.hydramaster.com/msds for additional safety and regulatory information.

Precauciones y Primeros Auxilios:

Mantener fuera del alcance de los niños. El contacto puede causar irritación cutánea y ocular. Use guantes y gafas de seguridad al manejar para evitar cualquier contacto con los ojos y el contacto con la piel en forma de concentrado. Use sólo en áreas bien ventiladas. En caso de contacto con los ojos, lávelos inmediatamente con abundante agua. Si la irritación persiste, busque atención médica. En caso de irritación de la piel, lavar con abundante agua. Si se ingiere, beber grandes cantidades de agua y busque atención médica. Sacar al aire libre en caso de inhalación. Ver Hoja de Seguridad (MSDS): www.hydramaster.com / MSDS para mayor seguridad y normativas.

RinseFree Liquid™ completes the greener hot water extraction carpet cleaning job. **RinseFree™** emulsifies and lifts away loosened soil. The cleaning power of **RinseFree Liquid™** is increased with the addition of **OxyBreak™** to synergistically activate other ingredients and enhance soil break down and removal through the power of oxidation. **RinseFree Liquid™** contains only ingredients that have been identified by industry listing and certification groups as meeting the standard for greener solutions.

If for any reason you are not thrilled with the performance of **RinseFree with OxyBreak™** return it to your distributor and we'll get you a product that does.
