BIO BREAK from Bridgepoint is a complete preconditioning formula for carpets and upholstery. Grease and oils dissolve in minutes while protein soils are digested and readied for complete extraction. Excellent in restaurants and on problem soils found in homes and apartments.

- **POWER OF CITRUS:** Bio Break contains the delimonene boost of Citrus Solv to cut through greasy soils and provides the always pleasant Citrus fragrance.
- **FAST STRIKING ACTION:** Bio Break also contains grease cutting alkaline builders, non-ionic surfactant and an encapsulated protease enzyme that go to work immediately on the toughest soils.
- **SAFER TO USE:** Bio Break contains 6 ingredients that are considered “green” for the environment and is safer for the user. It is non toxic, contains no butyls, or harsh solvents or corrosive alkaline builders.

- **ECONOMICAL:** Bio Break will dilute for use in the Hydro-Force or other type sprayers for pennies per diluted gallon.
- NOTE: In high concentrations, Bio-Break may not be suitable for stain resist carpets.

DIRECTIONS: For best results, use with hot water. Brief exposure to high temperatures through the Hydro-Force will not affect performance.

- For heavy soil, mix 3 to 4 oz. Bio Break in 1 gallon hot water.
- For moderate to heavy soil, mix 1 to 2 oz. Bio Break to 1 gallon hot water.
- For use in the HYDRO-FORCE injection sprayer, mix 12 oz. Bio Break in 5 quarts hot water.

Spray ready to use mixture evenly on the carpet. Allow up to 15 minutes before extracting. Do not allow

solution to dry on the carpet before extracting. For Upholstery: ALWAYS PRETEST FOR COLOR FASTNESS OR COLOR CHANGE. Use only on wet-cleanable synthetic upholstery. Mix 1 to 2 ounces Bio Break in 1 gallon hot water. Spray lightly over soiled areas. Allow to dwell for 5 minutes. Proceed with proper cleaning procedure.

INGREDIENT DISCLOSURE:

Pentasodium Triphosphate, Sodium Carbonate, Sodium Bicarbonate, Sodium Phosphate, C9-11 Alcohols Ethoxylated, d-Limonene, Sodium C10-16 Alkylbenzenesulfonate, Water, Sodium Sulfate, Myrcene, Alpha-Pinene, Protease Enzyme.

INSTRUCCIONES:

Para alfombras: Para obtener el mejor resultado, utilícelo con agua caliente (hasta 150°F—65°C).

- Para limpiar un área excesivamente sucia, combine 3 ó 4 onzas de Bio Break con un galón de agua caliente (de 24 a 32 ml por litro - 1:42 a 1:31).
- Para limpiar un área moderadamente o bastante sucia, mezcle 1 ó 2 onzas de Bio Break en un galón de agua caliente (de 8 a 16 ml por litro—1:125 a 1:63).
- Para su uso en el rociador por inyección Hydro Force, mezcle 12 onzas de Bio Break en 5 cuartos de galón de agua caliente (75 ml por litro—1:13). Rocíe la mezcla preparada uniformemente en la alfombra. Déjelo reposar por 15 minutos antes de extraerlo. No permita que la solución se seque en la alfombra antes de extraerla.

IMPORTANT NOTICE TO PURCHASER: Seller's and manufacturer's liability for any and all losses or damages resulting from any cause whatsoever shall in no event exceed the purchase price of this product, with respect to which losses or damages are claimed. Before using, the user shall determine the suitability of this product for its intended use, and user assumes all risk and liability whatsoever in connection therewith.

WARNING!

Keep out of reach of children.
