

STONE PRO

PRO SEALER

Impregnating NanoSealer for Marble & Grout

An all-purpose solvent-based impregnating sealer for use on **MARBLE, GRANITE, TRAVERTINE, LIMESTONE & MARBLE**. Pro Sealer provides excellent protection against waterborne and oil-based stains.

Pro Sealer falls well below the VOC limits of every district, city, county, state and country. With this unique solvent technology, Pro Sealer provides the same penetration and protection of those with excessive levels of VOCs without the smell, hazard or liability and it is available in quantities that match the size of any job.

For Use On:

marble, granite, limestone, travertine and grout

Available Sizes:

pint, quart, gallon, 5 gallon & 55 gallon

Coverage:

800 - 1,000 sq. ft. per gallon

Coverage will vary based on the density & texture of the surface

PRODUCT FEATURES:

- Advanced Fluoropolymer Technology
- VOC Compliant World-Wide
- Protects against oil and water borne stains
- Contains NO Prop. 65 cancer causing chemicals
- Leaves no greasy film or residue
- Will not change color or appearance of the treated surface

ADVANTAGES:

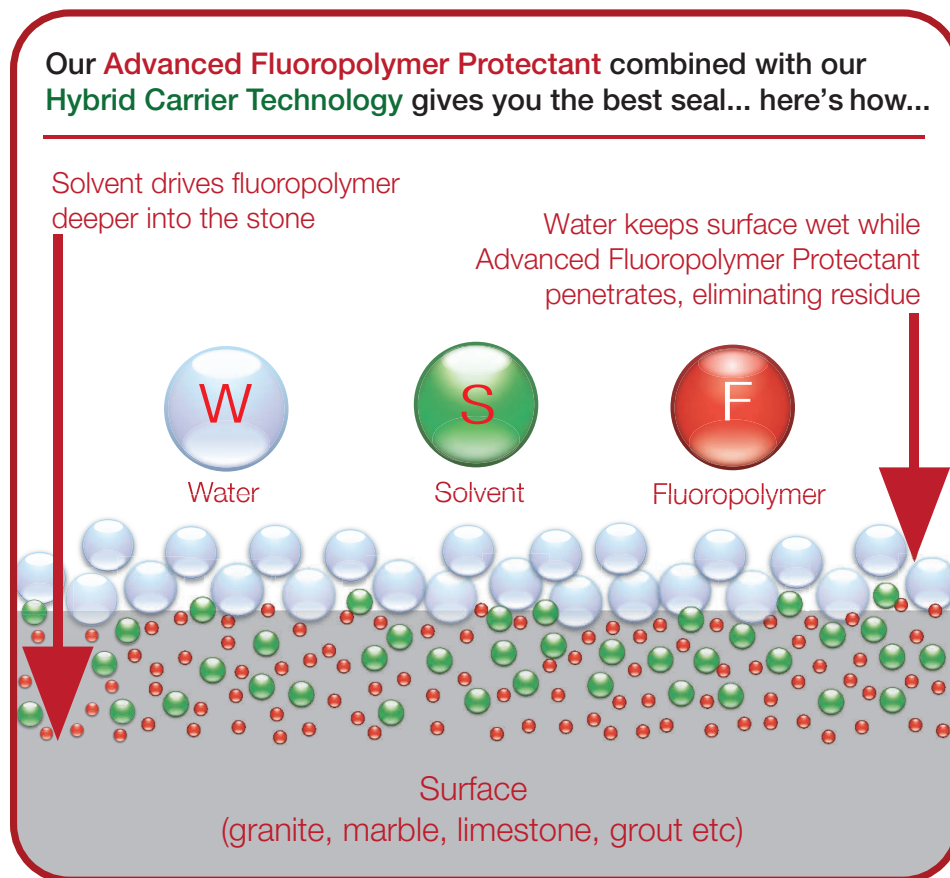

- Non-Toxic solvent-based Hybrid Carrier Technology
- Available in any size up-to 55 gallon drum
- Quick and easy to apply - fast cure time
- Non-Flammable
- Safe for food preparation surfaces

Application Instructions:

1) Make sure surface is clean, dry, free of debris, waxes and/or coatings. **2)** Liberally apply an even coat to the surface. Sealer should be spread evenly over surface to ensure proper penetration. **3)** Allow sealer to penetrate the surface for 3-5 minutes. Surface should remain wet for a minimum of 3 minutes. **4)** After 3 minutes, examine the surface and reapply where surface no longer appears wet on the surface. **5)** After 5 minutes, wipe the surface dry and remove all excess sealer residue using a dry microfiber cloth. **6)** Surface is suitable for use after 20 minutes. Achieves a full cure and repellency in 72 hours.

HOW IT WORKS

Innovative Hybrid Carrier Technology yields a unique solvent-based sealer that offers the highest level of protection and is V.O.C. compliant world-wide.

Architects, Spec Writers, Contractors and Property Owners alike are all looking for the same thing, a sealer that will provide the best protection and safe to use.

They find that solution with **StonePro**.
