CleanFREE

Soap Free Amazing Carpet & Upholstery Cleaner

CleanFree

CleanFREE Amazing Carpet & Upholstery Cleaner represents the next generation in extraction cleaning and rinsing solutions. CleanFREE provides soap and detergent free, sudsless cleaning. Its formula contains no volatile organic compounds and is odor free at use dilution, and is formulated to be free-rising from the carpet. CleanFREE will leave no sticky soap or detergent residues that can contribute to rapid re-soiling of the carpet and spotting wickback. CleanFREE also uses the activating power of carbonation to assist in soil suspension and removal without the use of harsh solvents, bacterial enzymes, and potentially harmful bleaches. CleanFREE will provide you with excellent cleaning results, even on the dirty and grimy carpets, yet it is still formulated to meet or exceed cleaning requirements for warranted stain resistant carpets and nylon, olefin, polyester, and Triexta carpeting.

It is a versatile cleaning agent also. While it was designed as an extraction rinse for portable and truck mounted extractors, its unique formula makes it also effective as a hot water extraction prespray, spotting agent, and low moisture cleaner in a bonnet cleaning.

- The latest technology in soap and detergent free, sudsless carpet cleaning
- Formula contains no volatile organic compounds, enzymes, or bleaches
- Free rinsing solution leaves carpet refreshed with no sticky residue
- Uses the activating power of carbonated cleaning
- Cleans the grimmest and dirtiest of carpets while still meeting warranty restrictions
- Versatile and effective as a carpet cleaning extraction rinse, prespray, bonnet cleaner and spotting agent

Part Number:
1604-7971

RTU pH
9.8

Dilution Ratio:
2 oz. / gal.

Contents:
5 pounds (2.27 Kilograms)

Available in:
5 lb. Jars and 4 x 1 jar cases

DIRECTIONS

General Usage Considerations

1. As with all cleaning agents, test for colorfastness on textiles in an inconspicuous area prior to using
2. Follow all dilution and application directions precisely for best results.

As an Extraction Cleaning Rinse

1. For truck mount cleaning concentrate, mix 3 cups (1.5 pounds) powder with five gallons of hot water. Mix well and set solution meter on truckmount between 2 and 4 gph.
2. For portable extractors: Mix 2 – 4 ounces in five gallons of hot waer.

As a Carpet Prespray:

1. For heavy soil, mix 3 ounces of powder with one gallon of hot water. For moderate to light soil, mix 1 to 2 ounces of powder

with one gallon of hot water. For Hydro-Force Sprayer, mix 12 ounces of powder with five quarts of water. Use standard setting of 1:8.

As a Low moisture/bonnet cleaning solution:

1. Mix 4 ounces of powder with five gallons of hot water. Spray bonnet and carpet with mixed solution.
2. Rotate or replace bonnet pad when it becomes heavily soiled.

As a Ready-to-use carpet spotter:

1. Mix 8 ounces of powder with one gallon of hot water.
2. Apply with trigger sprayer or flip top applicator. Saturate spot.
3. Allow to dwell 2 -3 minutes.
4. Blot up with colorfast towel or extract area.
