

FORMULA 522

# ODOR PUCK WASTE TANK ODOR ELIMINATOR WITH FOAM CONTROL

## Product Description

Sentinel 522 Odor Puck is a water soluble solid block designed to eliminate odors and control foam from the waste water of most truck mounts, portable extractors and auto scrubbers.

## Application Information (Always follow product label instructions for best results)

### Usage Guidelines:

Read directions and review sds prior to use. Follow Local, State and Federal regulations when disposing of waste water.

### Directions For Use:

Break tab on container and remove lid. Place the Sentinel 522 Odor Puck in the filter basket, mesh sock\* or directly in water off the waste tank. The Odor Puck will slowly dissolve in the waste water eliminating odors and controlling foam. The Odor Puck will maintain, eliminate odors and control foam for 5-10 days\*\*. Once the Odor Puck has dissolved and shrunk down to a 1" diameter, add a new Odor Puck to continue odor elimination and foam control and foam control.

\* When using a mesh sock, make sure it is securely tied down within the waste tank.

\*\* Odor Puck dissolving times will vary depending on water temperature, soil contaminants level and other environmental factors.
