

# ALKALINE PRESpray

Alkaline Prespray is the most versatile traffic lane cleaner available.

Contents: 1 US Gallon (3.79 Litres)

Alkaline Pre-spray is designed to be used regularly for traffic lane preconditioning. Dilute it to proper strength, spray it on the carpet and watch the soil and stains begin to melt away. Alkaline Pre-spray begins immediately to separate soil and grease from the carpet fibers. While maintaining a safer pH designed for nylon, Alkaline Pre-spray will readily remove soils like no other traffic lane cleaner in its class. Safer and effective for stain resistant carpets.

- Breaks down and dissolves stubborn oil and grease.
- It has a stable pH which enables the formula to maintain an optimum pH of 9.5 when used at recommended levels of dilution.
- Works fast as it separates particulate soiling from fiber for easier extraction.
- Free rinsing formula by readily removing soils and chemical residues from carpet.
- Pleasant lemon lime fragrance.

### DIRECTIONS:

To be used as a traffic lane pre-spray for soiled carpets of all types. Always pretest for colorfastness in an inconspicuous area. Product should be extracted after use. Alkaline Pre-spray is designed for use on nylon carpets and with

various types of pump or electric sprayers.

Vacuum thoroughly before cleaning. The vast majority of soils can be removed by vacuuming.

For use with pump or electric sprayers: Dilute 16 oz. Alkaline Pre-spray to 1 gal. hot water (1:8). For exceptionally heavy soil, dilute 32oz. per gal. (1:4). Spray traffic lanes and spotted areas until damp. Extract with your normal process.

The carpets will generally dry overnight. Use of fans will speed up drying.

### INSTRUCCIONES:

Para ser utilizado como prerociado de carril de tráfico para alfombras sucias de todo tipo. Realice siempre una prueba de decoloración en un área discreta. El producto debe extraerse después de su uso. El prerociado alcalino está

diseñado para usarse en alfombras de nailon y con varios tipos de rociadores eléctricos o de bomba.

Pase la aspiradora bien antes de limpiar. La gran mayoría de la suciedad se puede eliminar con una aspiradora.

Para uso con bomba o pulverizadores eléctricos: Diluya 16 oz. de Prerociado alcalino a 1 gal. de agua caliente (en proporción 1 a 8). Para suelos excepcionalmente sucios, diluya 32 oz. por galón (1:4). Rocíe los carriles de tráfico y las áreas manchadas hasta que estén húmedos. Extraiga con su proceso normal.

Las alfombras generalmente se secan durante la noche. El uso de ventiladores acelerará el secado.

### INGREDIENT DISCLOSURE:

Water, Butoxydiglycol, Tetrapotassium Pyrophosphate, C9-11 Alcohols Ethoxylated, Butoxyethanol, Sodium Caprylyl Sulfonate, Sodium Xylene Sulfonate, Sodium Silicate Pentahydrate, Isopropanol, Sodium Sulfate, Hexylene Glycol. Contains fragrance with allergen(s).

### WARNING

Keep out of reach of children.

HAZARD STATEMENTS:  
Causes skin irritation. Causes serious eye irritation.

### PRECAUTIONARY STATEMENTS:

Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

### ATENCIÓN

Mantener fuera del alcance de los niños.

### INDICACIONES DE PELIGRO:

Provoca irritación cutánea. Provoca irritación ocular grave.

### CONSEJOS DE PRUDENCIA:

Lavarse la cara, las manos y la piel concienzudamente tras la manipulación. Usar guantes/ropa de protección/equipo de protección para los ojos/la cara. EN CASO DE CONTACTO CON LOS OJOS: Aclarar cuidadosamente con agua durante varios minutos. Quitar las lentes de contacto, si lleva y resulta fácil. Seguir aclarando. Si la irritación ocular persiste: consultar a un médico. EN CASO DE CONTACTO CON LA PIEL: Lavar con agua y jabón abundantes. En caso de irritación cutánea: consultar a un médico. Quitarse las prendas contaminadas y lavarlas antes de volver a usarlas.
