

HIGH ALKALINE PRESPRAY

High Alkaline Prespray is the ultimate choice for all olefin, triexta and polyester carpets.

Contents: 1 US Gallon (3.79 Litres)

High Alkaline Prespray is the ultimate choice for all olefin, triexta and polyester carpets. An advanced blend of surfactants and alkalinity dissolves the toughest oily soils. It is powerful enough for greasy cafeterias and highly soiled commercial common areas.

- Dissolves bonded oily film on olefin, triexta and polyester carpet that other cleaners miss.
- Works fast as heavy soils are separated from the fibers and ready to extract in minutes.
- Special charged ingredient draws and potassium phosphate holds particulate soil in solution until extracted.
- The draw and hold principle enables free-rinsing for a more thorough cleaning.
- Blends of surfactants and alkaline builders eliminates the need for solvents in the formula reducing airborne VOC and makes product safer than other high alkaline products.

DIRECTIONS:

To be used as a traffic lane pre-spray for heavily soiled carpets. Always pretest for colorfastness in an inconspicuous area. Product should be extracted after use. High Alkaline Prespray is designed for use on olefin, polyester and triexta carpets. The product will work with various types of pump or electric sprayers.

Vacuum thoroughly before cleaning. The vast majority of soils can be removed by vacuuming.

For use with pump or electric sprayers: Dilute 4 oz. High Alkaline Prespray Slam to 1 gal. hot water (1:32). For exceptionally heavy soil, dilute 8 oz. per gal. (1:16). Spray traffic lanes and spotted areas until damp. Extract with your normal process.

The carpets will generally dry overnight.

Use of fans will speed up drying.

INSTRUCCIONES: Para ser utilizado como prerociado de carril de tráfico para alfombras muy sucias. Realice siempre una prueba de decoloración en un área discreta. El producto debe extraerse después de su uso. El Prerociado de alta alcalinidad está diseñado para usar en alfombras de olefina, poliéster y triexta. El producto funcionará con

varios tipos de bombas o pulverizadores eléctricos. Pase la aspiradora bien antes de limpiar. La gran mayoría de la suciedad se puede eliminar con una aspiradora.

Para uso con bomba o pulverizadores eléctricos: Diluya 4 oz. de Limpiador de prerociado alcalino a 1 gal. de agua caliente (en proporción 1 a 32). Para suelos excepcionalmente sucios, diluya 8 oz. por galón (1:16). Rocíe los carriles de tráfico y las áreas manchadas hasta que estén húmedos. Extraiga con su proceso normal.

Las alfombras generalmente se secan durante la noche. El uso de ventiladores acelerará el secado.

INGREDIENT DISCLOSURE:

Water, Tetrapotassium Pyrophosphate, C9-11 Alcohols Ethoxylated, PEG-15 Cocomonium Chloride, Sodium Silicate Pentahydrate, Undeceth-5, Hexylene Glycol, Citrus Aurantifolia Oil, Lemon oil, Citral, d-Limonene, Benzisothiazolinone. Contains fragrance with allergen(s).

WARNING!

Keep out of reach of children.

HAZARD STATEMENTS:
Causes skin irritation. Causes serious eye irritation.

PRECAUTIONARY STATEMENTS:
Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact

lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

ATENCIÓN!

Mantener fuera del alcance de los niños.

INDICACIONES DE PELIGRO:
Provoca irritación cutánea. Provoca irritación ocular grave.

CONSEJOS DE PRUDENCIA:
Lavarse la cara, las manos y la piel concienzudamente tras la manipulación. Usar guantes/ropa de protección/equipo de protección para los ojos/la cara. EN CASO DE CONTACTO CON LOS OJOS: Aclarar cuidadosamente con agua durante varios minutos. Quitar las lentes de contacto, si lleva y resulta fácil. Seguir aclarando. Si la irritación ocular persiste: consultar a un médico. EN CASO DE CONTACTO CON LA PIEL: Lavar con agua y jabón abundantes. En caso de irritación cutánea: consultar a un médico. Quitarse las prendas contaminadas y lavarlas antes de volver a usarlas.
