

# LOW MOISTURE ENCAPSULATE

The low moisture encapsulate is a state-of-the-art cleaner for brush and bonnet cleaning. The polymer entraps soil for easy removal and retards future soiling.

Contents: 1 US Gallon (3.79 Litres)

Carpets cleaned with Low Moisture Encapsulate dry in about an hour without the wicking, yellowing or recurring stains that often plague commercial carpets. In addition, vacuuming performance will be dramatically enhanced with carpets staying cleaner for longer periods of time. Low Moisture Encapsulates can be used with counter-rotating brush machines like the Brush Pro or with rotary floors machines using bonnets or carpet brushes. It features very low VOC content at a neutral pH, but delivers results you have to see to believe.

- A complete soil encapsulate for use in brush or bonnet cleaning.
- Contains a special polymer barrier that entraps soil for easy removal and slows re-soiling.
- It is great for binding with particulate soil typical for commercial carpet in traffic areas.
- This bound soil is readily removed with regular vacuuming.
- It features very low VOC content at a neutral pH, but delivers results you have to see to believe.

### DIRECTIONS:

To be used as a low moisture traffic lane pre-spray for maintenance cleaning for carpets of all types. Product should be extracted after use. Low Moisture Encapsulant is designed for use on all commercial carpets including wool (with brushes soft enough for wool and not with bonnets) and with various types of pump or electric sprayers.

Vacuum thoroughly before cleaning. The vast majority of soils can be removed by vacuuming.

Dilute 1 to 8 (16 oz. per gallon hot water) for normal maintenance cleaning. Dilute

1 to 4 (32 oz. per gallon of hot water) for extra-heavy soil.

Spray selected dilution consistently over section of carpet and brush with rotary and carpet brush or counter-rotating brush machine.

Spray selected dilution lightly over an absorbent bonnet and as well as the of the floor to be cleaned. Place bonnet under rotary machine and move over area until clean. Change bonnets frequently and place in plastic bag to keep moist until laundered.

The carpets will generally dry in a few hours without any need for fans. Vacuum the next day to remove dry soil separated from carpet by the encapsulating process.

**INSTRUCCIONES:** Para ser utilizado como prerociado de carril de tráfico de baja humedad para la limpieza de mantenimiento de alfombras de todo tipo. El producto debe extraerse después de su uso. El Encapsulante de baja humedad está diseñado para usarse en todas las alfombras comerciales, incluida la lana (con cepillos lo suficientemente suaves para lana y no con bonnets) y con varios tipos de bombas o rociadores eléctricos.

Pase la aspiradora bien antes de limpiar. La gran mayoría de la suciedad se puede eliminar con una aspiradora.

Diluya de 1 a 8 (16 oz. por galón de agua caliente) para una limpieza de mantenimiento normal. Diluya de 1 a 4 (32 oz. por galón de agua caliente) para suelos muy sucios.

Rocíe la dilución seleccionada uniformemente sobre la sección de la alfombra y cepille con un cepillo rotatorio y para alfombras o con una máquina de cepillo contrarrotante.

Rocíe la dilución seleccionada ligeramente sobre un bonete absorbente y también sobre la superficie del suelo a limpiar. Coloque el bonete debajo de la máquina rotativa y muévelo sobre el área hasta que esté limpia. Cambie los bonetes con frecuencia y colóquelos en una bolsa de plástico para mantenerlos húmedos hasta que los lave.

Las alfombras generalmente se secan en unas pocas horas sin necesidad de ventiladores. aspire al día siguiente para eliminar la suciedad seca separada de la alfombra por el proceso de encapsulación

### INGREDIENT DISCLOSURE:

Water, Anionic Copolymer, Ethoxylated Alcohol, Polymer NJTS#58-2380661-5019, Sodium Lauryl Sulfate, Benzisothiazolinone. Contains fragrance with allergen(s).

### WARNING!

Keep out of reach of children.

### HAZARD STATEMENTS:

Causes skin irritation. Causes serious eye irritation.

### PRECAUTIONARY STATEMENTS:

Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue

rinsing. If eye irritation persists: Get medical advice/attention. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

### ATENCIÓN!

Mantener fuera del alcance de los niños.

### INDICACIONES DE PELIGRO:

Provoca irritación cutánea. Provoca irritación ocular grave.

### CONSEJOS DE PRUDENCIA:

Lavarse la cara, las manos y la piel concienzudamente tras la manipulación. Usar guantes/ropa de protección/equipo de protección para los ojos/la cara. EN CASO DE CONTACTO CON LOS OJOS: Aclarar cuidadosamente con agua durante varios minutos. Quitar las lentes de contacto, si lleva y resulta fácil. Seguir aclarando. Si la irritación ocular persiste: consultar a un médico. EN CASO DE CONTACTO CON LA PIEL: Lavar con agua y jabón abundantes. En caso de irritación cutánea: consultar a un médico. Quitarse las prendas contaminadas y lavarlas antes de volver a usarlas.
