About Uvex®

We realize that keeping people safe begins with a commitment to exceeding safety standards and embracing change to create a culture of safety. Delivering safety glasses and products that can be worn with confidence is one of the ways we are working to help build a culture of safety in the workplace. From best-in-class lens coatings that perform under the harshest conditions, to task-specific lens tints that optimize visual acuity, to ballistic impact resistance to a lifetime frame guarantee that backs up our promise, we're about inspiring safety in the minds of workers everywhere.

For more information visit www.uvex.us.

⚠ WARNING! Uvex® equipment should only be used in conjunction with the manufacturer's instructions. Failure to follow such instructions could result in serious injury including diminution or loss of vision.

Uvex® brand safety eyewear is offered for sale by Honeywell Safety Products exclusively in the Americas.

FEATURED PRODUCTS

Featured Products represent a collection of our top sellers and newest designs that combine function and style with unparalleled comfort and superior protection. We leverage extensive research and technological developments to continuously evolve our product line to consistently deliver high-performance products with lasting value.

Genesis®

Engineered for comfort, protection and style, the Genesis is the number one selling premium eyewear in the world, delivering an incredible range of superior product benefits including MMT — Multi-Material Technology® and a high level of adjustability. To view full product details see page 19.

Uvex Seismic®

The Uvex Seismic provides protection against impact, sun, wind, dust and debris coupled with durable performance and minimized fogging. Its design offers a range of comfort and adjustability features for all-day wear as well as popular black and metallic-blue colored frame options. To view full product details see page 25.

Uvex Protégé®

Designed with our proprietary Floating Lens™ technology, an expandable wraparound brow, soft temple tip pads and molded rubber nose pads, the Uvex Protégé combines sport styling with flexible design for a final product that weighs less than an ounce. To view full product details see page 24.

Uvex Bayonet™

Combining proprietary Uvex® lens tints, coatings and impact protection with sport-inspired styling and enhanced comfort features, Uvex Bayonet eyewear strikes the perfect balance between high-performance protection, comfort and sleek styling that drives worker acceptance. To view full product details see page 17.

UVEX TECHNOLOGIES

Uvex® Technologies

Since our earliest days, we have focused our research and development efforts on creating innovations in safety eyewear that directly benefit the workers who wear them. By constantly searching for ways to improve the protective capabilities, comfort, fit, durability, and look of our products, Uvex has become the acknowledged leader in safety eyewear innovation. We have secured dozens of industry patents for the many technological firsts that we have introduced to the marketplace, as well as something far more important: the accolades and gratitude of millions of workers who rely on our safety eyewear all day, every day.

Designed for Comfort

Uvex® Lens Coatings

Whether the problem is lenses that fog or lenses that scratch, Uvex lens coatings offer a solution for almost any working environment.

Uvextreme® anti-fog coating offers superior performance under the most extreme conditions and will not wear off after repeated cleanings.

Uvextreme® Plus offers the same anti-fog performance as Uvextreme, but with extended wear. It is permanently bonded to the lens, which helps it retain its anti-fog, anti-static and UV protection properties.

Ultra-dura® anti-scratch hard coat is one of the toughest anti-scratch coatings in the world: permanently bonded to the lens, it offers unparalleled scratch and chemical resistance.

Supra-Dura® advanced anti-scratch coating is perfect for high-particulate environments where lens scratching is a severe problem. This coating lasts 5X* longer than any other anti-scratch coating on the market.

Dura-streme® dual coating technology combines the benefits of the Uvex industry leading anti-fog and anti-scratch coatings onto one lens. While the advanced anti-fog properties of Uvextreme help keep the interior of the lens clear from fogging, the rugged properties of Ultra-dura anti-scratch coating protect the exterior of the lens from scuffs and scratches, adding up to 3X* longer lens life.

*Comparative lens life test performed using a Bayer Abrasion Test method, and may vary between environment and application.

Spectrum Control Technology® (SCT)

All Uvex styles are available with an assortment of standard lens tints — both clear and sunglass shades — and many are offered with specialized lens tints designed for task-specific lighting situations. These Spectrum Control Technology (SCT) lens tints incorporate unique dyes in the polycarbonate lens material that absorb select wavelengths of light to enhance vision. The charts on pages 39-41 are designed to help you determine which lens tint best addresses the challenges in your workplace. All Uvex lenses offer 99.9% ultra-violet protection.

CERTS & STANDARDS

Certifications and Standards

Our commitment to rigorous testing and extensive research and development ensures that every product meets or exceeds industry safety standards and certifications. And we stand behind our products so you and your workers can have peace of mind every time you put on a Uvex product.

ANSI Accreditation

The American National Standards Institute (ANSI) provides accreditation in accordance with ISO/IEC Guide 65 for product certification programs to ensure that the marketplace can gain confidence for their activities. All Uvex eyewear products comply with the ANSI standard.

CSA Certification

Many of our safety eyewear products are also certified to the requirements of the Canadian Standards Association (CSA). CSA certification is indicated in the description of each applicable product.

Ballistic Impact Protection

For even greater security and protection from the unexpected, the core line of Uvex safety eyewear has undergone and passed Military V₀ (V-sub zero) ballistic impact testing. This means each of these eyewear styles can withstand impact energies 7X greater than the impact tests required by ANSI and CSA. (Does not apply to specialty tints and welding shades.)

Uvex Lifetime Frame Guarantee

Uvex guarantees lifetime replacement for any qualifying eyewear model if something should happen to the frame during the course of normal use, regardless of age.

Uvex[®] Lens Replacement System

Most of our eyewear products also come with an easy and economical lens replacement system, allowing wearers to reduce their annual safety eyewear expenditures while reaping the benefits of high quality eyewear.

Made in USA

Many of our products are manufactured in the United States..

Call Customer Care at 800 430-5490.

SAFETY EYEWEAR

Uvex Ambient™ OTG (Over-the-Glass)

Exceptional coverage, fits comfortably over most prescription eyewear

- Exceptional peripheral vision and coverage in a lightweight, wrap-around uni-lens design
- Available with multiple high-performance coating options
- Soft, flexible nasal fingers conform to a variety of facial profiles and minimize slippage
- Bendable, wire-core temples offer flexibility with a secure, customized fit
- Offered in two lens sizes (medium and large) to fit comfortably over most prescription eyewear (medium is 13% smaller)
- Lifetime frame guarantee and economical lens replacement system
- Meets ANSI Z87.1-2010 and is certified to the requirements of the CSA Z94.3 standard

SAFETY GOGGLES

S1890X

Fury®

Integrates the fit of a goggle and the look of eyewear

- Sleek frameless design with wraparound 9-base uni-lens
- Soft, flame resistant replaceable face foam and headband
- Suggested for use in areas with fine particulates and dust
- Not for chemical splash
- Economical lens replacement
- Meets the ANSI Z87.1-2010 standard and is certified to the requirements of the CSA Z94.3 standard
- Made in USA

Item #	Frame Color/Lens Tint	Lens Coating	Headband
S1890X	Black/Clear	Uvextreme AF	Fabric

S345C

Uvex Futura™

Wraparound design features excellent panoramic vision, fits over most prescription eyewear

- Wraparound sport style with frosted browguard reduces overhead glare
- Offers protection against dust, mist, impact and chemical splash as well as welding infrared radiation
- Indirect venting system along with high-performance Uvextreme® anti-fog coating minimizes fogging in extreme environments
- Economical lens replacement
- Meets the ANSI Z87.1-2010 standard and is certified to the requirements of the CSA Z94.3 standard

Item #	Body Color/Lens Tint	Lens Coating	Description	Headband
S345C	Clear/Clear	Uvextreme AF	Indirect Vent	Neoprene

SAFETY GOGGLES

Uvex Stealth® Goggle Retainer

Ideal for use in oil and gas, chemical, manufacturing and construction where workers are required to wear hard hats and goggles

- Simple design helps ensure a tight seal around the eyes
- Available in two models to fit standard, cap-style hard hats or full brim hard hats (not for use on hard hats with “rain gutters”)

Item #	Description
S520	Fits Protective Caps
S521	Fits Full Brim Hats

S521
hard hat not included

Uvex Stealth® OTG (Over-the-Glass)

Protection from impact, dust, airborne particles, chemical splash and optical radiation (UV and welding/heat radiation)

- Fits comfortably over most prescription eyewear
- Soft, elastomer body flexes and conforms to the face for a secure, comfortable, gap-free fit
- Pivoting, quick-adjust headband provides easy adjustment for a comfortable fit
- Available exclusively with high-performance Dura-streme® dual anti-fog/anti-scratch coating, as well as a wide range of lens tints
- Economical lens replacement
- Meets the ANSI Z87.1-2010 standard and is certified to the requirements of the CSA Z94.3 standard
- Made in USA

Item #	Body Color/Lens Tint	Lens Coating	Headband

FACE SHIELDS

S8500

Bionic® Shield

Full shield design provides built-in chin protection and extended top-of-head coverage*

- Perfect for workers exposed to falling or flying objects, impact, chemical splash and airborne debris
- Excellent optics provide increased visibility
- Lightweight, balanced, ergonomic design for extended use
- Dual position headgear provides a customizable fit
- Comfortable cell foam on back of headgear
- Breathable, removable, washable headband
- Easily replaceable visor—available in Clear, Shade 3.0 and Shade 5.0—allows for multiple tints and use in a variety of applications
- Comfortably worn with most goggles and respirators
- 100% dielectric – no metal parts
- Meets the ANSI Z87.1-2010 standard
- Certified to the requirements of the CSA Z94.3 standard
- Made in USA

S8590

Item #	Visor Tint/Visor Coating	Description
S8500	Clear Polycarbonate/Uncoated	Black Matte Face Shield
S8505	Clear Polycarbonate/Uncoated	Black Matte Face Shield & Hard Hat Adapter (No Suspension)
S8510	Clear Polycarbonate/Anti-fog/Hardcoat	Black Matte Face Shield
S8515	Clear Polycarbonate/Anti-fog/Hardcoat	Black Matte Face Shield & Hard Hat Adapter (No Suspension)

*Face shield is secondary protection and must be worn with safety eyewear or goggles

Bionic® Hard Hat Adapter

Hard hat accessory (dielectric) expands face shield use and is compatible with multiple hard hats, including North® brand and most other major manufacturers' styles.

Item #	Visor Tint/Visor Coating	Description

Long-term safety eyewear requires long-lasting maintenance. Our line of accessories offers protection, storage and cleaning solutions, all designed specifically for your Uvex eyewear.

Accessories

Uvex® Lens Care Products

Specifically formulated for anti-fog and scratch resistant hard coats

- Alcohol- and silicone-free solution is available in a 16 oz. refillable spray, 1 gallon refill or pre-moistened lens cleaning towelettes (100/box)
- Pre-moistened towelettes are pocket-sized and convenient for use anywhere on-the-go
- Non-abrasive dry tissues (S462) are designed for use with lens cleaning solution products (500/box)
- Made in USA

Item #	Description
S462	Uvex Clear Tissues (500/box)
S463	Uvex Clear Solution 16 oz.
S464	Uvex Clear Refill Solution 1 gallon
S468	Uvex Clear Towelettes (100/box)

S463

Uvex Clear® Permanent Lens Cleaning Station

Includes one 16 oz. Uvex Clear cleaning solution, 4 boxes of 500 tissues and a 3.5" x 4.5" mirror

- Screw mounts and adhesive foam for quick wall mounting
- Measures 22.5" x 12.5"
- Made in USA

Item #	Description
S461	Uvex Clear Permanent Station

S461

Uvex Clear® Portable Cleaning Station

Inspire safety everywhere, by bringing this portable cleaning station to any location

- Portable and disposable station holds 16 oz. of Uvex Clear cleaning spray and 1500 tissues
- Made in USA

Item #	Description
S467	Uvex Clear Disposable Lens Station

S467

Uvex® Fog Eliminator Cloths

Formulated to effectively protect lenses from all types of fogging caused by cold, humidity or sudden temperature changes

- Safe for all surfaces, including polycarbonate and glass
- Each cloth provides multiple applications
- Streak- and film-free, alcohol- and silicone-free
- Non-flammable and non-toxic
- Made in USA

Item #	Description
S477	Uvex Fog Eliminator Cloths (100/box)

S477

REFERENCE: LENS COATING DESCRIPTIONS & CHEMICAL RESISTANCE

Proprietary Uvex® coatings meet the demands of even the most challenging work environments. Uvextreme® anti-fog coating offers superior performance under the most extreme conditions and will not wear off after repeated cleanings. Uvextreme® Plus offers the same anti-fog performance with extended wear. It is permanently bonded to the lens which helps it retain its anti-scratch, anti-static and UV protection properties. Ultra-dura® hardcoat is one of the toughest anti-scratch coatings in the world. It is also permanently bonded to the lens and offers excellent scratch and chemical resistance. Our new Supra-Dura™ advanced anti-scratch coating is superior in high particulate environments where lens scratching is a severe problem. It lasts 5x* longer than any other anti-scratch coating on the market today. In addition, Dura-streme™ technology combines the benefits of these industry-leading anti-fog and hardcoats onto one lens. While the advanced anti-fog properties of Uvextreme help keep the interior of the lens clear from fogging, the rugged properties of Ultra-dura hardcoat protect the exterior of the lens from scuffs and scratches, adding up to 3x* more life to lenses. The chemical resistance chart below will help to determine the preferred coating for environments where workers are subject to chemical exposure.

Key: Y = Resistant
• = Limited resistance
N = Not resistant

Chemical	Ultra-dura Hardcoat	Supra-Dura Hardcoat	Uvextreme/ Uvextreme Plus Anti-Fog	Dura-streme Dual Coating	
				(Ultra-dura Lens Exterior)	(Uvextreme Lens Interior)
