

# DriForce® Airmover Base Unit

High-pressure specialty airmover. Delivers up to 38 in. (97 cm) of static pressure for a wide variety of applications. Designed for use with the DriForce InterAir Drying System, the DriForce Airmover draws moist air out of wall cavities and floor flutes and can also direct warm, dry air into cavities to accelerate drying.

## FEATURES

- Produces up to 38 inches of static pressure
- Draws only 3 amps on average
- Force air in or vacuum air out
- Stackable for easy storage and transport

## SPECIFICATIONS
