## The HomePro Spotter Program....*It works!*

“HomePro is an amazing product! Our clients love it and frequently ask for refills. It keeps our name in front of our clients and makes it easy for them to call us for cleaning. Our clients wish it was available to them by the gallon.”

*Kathy Hammond, Allied Carpet Cleaning*

“Our customers love it! It is a nice product and it does everything that you say it’s going to do. Clients call all the time - they want to make sure they can get another bottle of spotter. I have looked at my computer data and I have 60% more repeat customers than I did three years ago before using the HomePro program.”

*Keith Aderhold, Clean Enuf 4 Mom*

# HOME PRO SPOTTER

HomePro Spotter has a neutral pH which is safer for both people and fibers, yet is unbelievable in its ability to remove stubborn spots and stains.
